Conflicts of Interest can be:

- Real/Actual
- Perceived
- Potential

Real/Actual Conflict of Interest:

- when an OT **carries out** their duties **knowing** that they have the opportunity to advance their own **private interests**.

Perceived Conflict of Interest:

- when a **reasonable person** determines that an occupational therapist's ability to act in the best interest of the client **might** be affected due to competing interests, even if this is not the case.

Potential Conflict of Interest:

- when an OT **foresees** that their **personal** interests might be sufficient to **influence** their duty to serve a client's best interest, should they become involved.

- ✓ Disclose
- ✓ Provide with options
- ✓ Inform of rights
- ✓ Document

Decision Making Tool

Risk management is "nothing more than a careful examination of what, in your work, could cause harm to people, so that you can weigh up whether you have taken enough precautions or should do more to prevent harm".

Health and Safety Executive, 1999

Potential Risk Factors/Hazards:

- Complexity of Client's Presentation
- Therapeutic Relationship
- Practice Setting/Environment
- OT Skills and Knowledge

A scenario...

- Acute care – Mr. Swinson
- Rural location
- Discharge – equipment needed
- Vendor – Owner is OTs sister.
